XeP3
POWERED BY AI

FEEL THE NOISE

1 EXPOSE YOUR NOISE - FAST

- Expose and quantify lost operational capacity
- Model the transformation opportunity
- Measure and prove your benefit

Noise benchmark (all sectors)

2 GRIP COSTS BY PINPOINTING THE ISSUES

Quantify the Noise

Slice the noise into driving factors

Prioritise where to target

3 AI MODEL BUILT ON OUR 30 YEARS OF WASTE DATA

Our LLM is trained on XeP3's extensive history in mapping process noise

4 TAKE YOUR PEOPLE WITH YOU THROUGH TRANSFORMATION

XeP3's engine constructs process models based on meaningful engagement points with your people - bringing them right along as you prepare for change

XeP3 POWERED BY AI

INNOVATE YOUR AI JOURNEY

Don’t wait to start your journey.

Begin fast with incremental stages as you prepare to make radical redesign

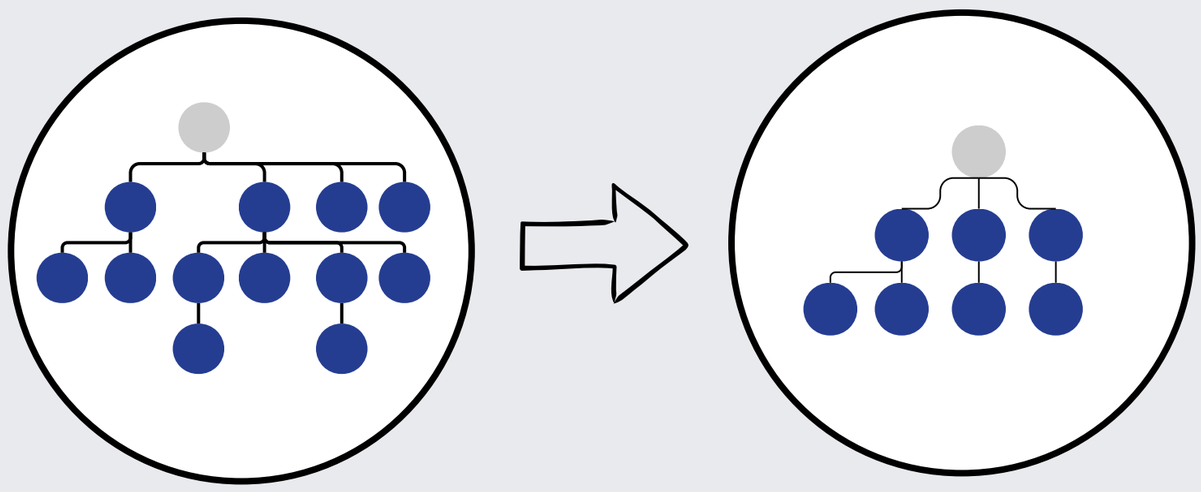

Baseline your workflows

Fix your noise and simplify value generation

Introduce AI /automation
Re-focus Roles

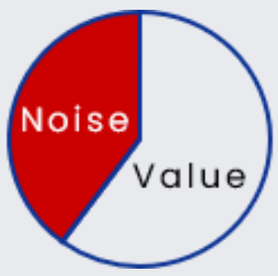

GET STRUCTURE RIGHT

Rebuild your operating model and structure to align to strategic value on your data foundation

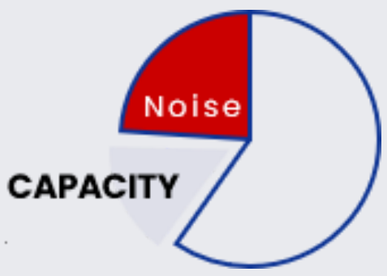

CREATE CAPACITY

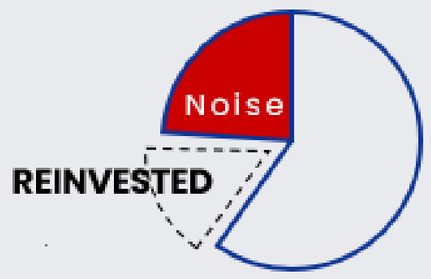

Invest in your operations with the right solutions in the right places

Baseline your process and noise

Model the benefits of reducing your noise
($ / capacity)

Reinvest capacity or release it

REDESIGN FUNCTIONS AND ROLES WITH CERTAINTY

Model changes to roles to align to future state responsibilities, re-focussing on the value-add and minimise restructure risks
